

Step 1: Open the smart prc widget code in edit mode.

```
<div id="widget-container" class="data-ekomi-emp ekomi-widget-container ekomi-widget-..."></div>
<div id="ekomi-product-widget-identifier" class="prod-data-emp" style="visibility: hidden">productIDwillbeHere</div>
<script type="text/javascript">

(function (w) {
  w['_ekomiWidgetsServerUrl'] = (document.location.protocol == 'https:' ? 'https:' : 'http:') + '//widgets.ekomi.com';
  w['_customerId'] = ...;
  w['_ekomiDraftMode'] = true;
  w['_language'] = 'en';

  if(typeof(w['_ekomiWidgetTokens']) !== 'undefined'){
    w['_ekomiWidgetTokens'][w['_ekomiWidgetTokens'].length] = '...';
  } else {
    w['_ekomiWidgetTokens'] = new Array(...);
  }

  if(typeof(ekomiWidgetJs) == 'undefined') {
    ekomiWidgetJs = true;

    var scr = document.createElement('script');scr.src = 'https://sw-assets.ekomiapps.de/static_resources/widget.js';
    var head = document.getElementsByTagName('head')[0];head.appendChild(scr);
  }
})(window);
</script>
```

Step 2: Find **_ekomiWidgetTokens** and copy its value.

```
<div id="widget-container" class="data-ekomi-emp ekomi-widget-container ekomi-widget-..."></div>
<div id="ekomi-product-widget-identifier" class="prod-data-emp" style="visibility: hidden">productIDwillbeHere</div>
<script type="text/javascript">

(function (w) {
  w['_ekomiWidgetsServerUrl'] = (document.location.protocol == 'https:' ? 'https:' : 'http:') + '//widgets.ekomi.com';
  w['_customerId'] = ...;
  w['_ekomiDraftMode'] = true;
  w['_language'] = 'en';

  if(typeof(w['_ekomiWidgetTokens']) !== 'undefined'){
    w['_ekomiWidgetTokens'][w['_ekomiWidgetTokens'].length] = '...';
  } else {
    w['_ekomiWidgetTokens'] = new Array(...);
  }

  if(typeof(ekomiWidgetJs) == 'undefined') {
    ekomiWidgetJs = true;

    var scr = document.createElement('script');scr.src = 'https://sw-assets.ekomiapps.de/static_resources/widget.js';
    var head = document.getElementsByTagName('head')[0];head.appendChild(scr);
  }
})(window);
</script>
```

Copy the token

Step 3: Enter the token in configuration.
